Scrabble Club Self-Efficacy Scale

Directions for Scoring: Use the scale below to give a numerical value to each response. The answers are grouped by item type (PoS, PoA, and PoP). Add up the value of each section and add all responses for the Total Score. The section scores provide an estimate of a student's Perception of Skill, Perception of Attitudes, and Perception of Persistence. This survey is designed to be given at two points in time to measure change (PRE and POST).

SA = 5
